PROFESSIONAL SUMMARY

Results-driven Flutter Team Lead with over 5 years of dedicated Flutter experience and 3 years in leadership, delivering multiple mobile applications from scratch to market. This focus builds upon 10+ years of diverse software engineering experience, including desktop (C++/Qt) and mobile (Android) development. Experienced in establishing CI/CD pipelines (GitLab, Docker) and applying DevOps principles. Skilled in leading development teams, mentoring engineers, improving processes, and collaborating effectively in remote, international settings. Fluent in Russian (native) and English (Professional Working).

EXPERIENCE

Lead Flutter Developer

Feb 2024 – Present

EV2Go (Eastern Europe Electric Vehicles charging platform)

Remote

Released from scratch to market: Electric Vehicles charge points app: find, book, drive, charge (Flutter, BLoC)

White labeling: Developed an architecture for flexible white label configuration & different ui kits

Lead role: Collaborated with product team. Planned and evaluated priorities for development. Managed microteam

Flutter Team Lead

January 2021 – December 2023

Flutter Developer

June 2019 – December 2020

SIGMA-IT (Leading IT solutions for energy providers)

Moscow, Russia

Products released to market: Personal electricity payer account app (Flutter, BLoC-based arch); EV charging points app (Flutter, Riverpod); Electric meter reading application for workers (Flutter, Redux); Local Amateur Hockey League social app (Flutter, BLoC)

Process Improvement: Introduced CI/CD for teams/projects, integrated Gitlab, Docker & publishing to stores. Developed autoversioning & tech doc standards

Promotion: Promoted after 1.5 years due to strong performance and organizational impact

Recruitment: Conduct more than 50 technical interviews for different Flutter positions. Recruited 9 engineers, formed 2 teams

Community: Mentored multiple interns & juniors, guiding them through development practices and industry standards. Held tech meetups and courses.

Software Engineer and DevOps

Oct 2017 – Oct 2018

ForCode (Commercial bank services developer)

Moscow, Russia

DevOps: Developed microservice images and orchestrated them for development, testing, and CI (docker-compose)

Backend: Completed refactoring a couple of Django microservices

Software Developer

2017

Cleverciti Systems GmbH (Parking spaces monitoring system)

Munich, Germany

Python tools: Developed configuration update system for remote hosts (sensors)

BI Frontend: Built Business Intelligence page for clients (Node.js + jQuery + DC.js)

DB Backup Tool: Created DB import tool by schedule (C#, MongoDB)

C++/Qt Developer

2015 - 2016

OK.RU (Largest Eastern Europe Social Network)

Saint Petersburg, Russia

Desktop Client: Led development of a cross-platform desktop IM client (Win/Mac/Linux) from prototype to release

Networking: Designed cross-platform Qt-based TCP/SSL transport library

UI: Developed modern QML application for desktops

Tooling: Developed and integrated Crash reporting system & Autoupdater

Android Developer

2014-2015

Freelance

Remote

Created app from scratch: Food Delivery App with online payment and map tracking & Reader App for pet magazine

Embedded System Engineer

2009 – 2013

SNIIP-ASKUR

Moscow, Russia

SKILLS

Languages: Dart, Flutter

State Management: BLoC, Riverpod, Provider, Redux, GetX

Architecture: Clean Architecture, SOLID

Testing: Unit testing, Widget testing, Integration testing

CI/CD: Docker, Docker Compose, Gitlab CI, Github Actions

Network: REST API, HTTP, Dio, WebSocket, Centrifuge, SignalR

Databases: SQLite, Firebase/Firestore, Sembast

Version Control: Git, Subversion, Mercurial

Agile methodologies: Scrum, Kanban

Leadership: Technical leadership, Mentoring, Code review

Concepts: Cross-platform development, UI/UX Design, Debugging, Responsive/Adaptive Design

Human Languages: Fluent in Russian (native), English (Professional Working)

EDUCATION

Bauman Moscow State Technical University

Moscow, Russia

Diploma Engineer, Biomedical Engineering

2003 – 2009

Note: Participated in the 3rd Moscow-Bavarian Joint Advanced Student School (MB-JASS)
